

## HANDS-ON LAPAROSCOPIC ANIMAL WORKSHOP (HEPATECTOMY AND PANCREATECTOMY)

(Written by Dr Fahrol Fahmy Jaafar)

On the 3<sup>rd</sup> of August 2022, the MyHPBS organized a Hands-On Laparoscopic Animal Workshop (Hepatectomy and Pancreatectomy) in collaboration with Johnson & Johnson; in conjunction with the MyHPB Congress 2022. The event was a pre-congress workshop that took place in Advance Surgical Skills Center (ASSC), UKM Medical Center Kuala Lumpur.

A total of 10 participants comprising 5 local surgeons and 5 participants from Indonesia took part in this event. It was officiated by Prof Dato Dr Razman Jamin, Director of UKM Medical Center and HPB consultant in UKM Medical Centre.

The first session was introduced and guided by program facilitator Assoc. Prof. Dr Yoong Boon Koon on Laparoscopic Left Lateral Hepatectomy followed by hands-on session. Participants were paired for each station and during the procedure, a team of veterinary intensivist assisted in sedating

and maintaining the haemodynamic status of the animals. Participants were guided on performing liver dissection using energy devices and managing bleeders during liver resection.

The morning session continued with plenary session given by Assoc. Prof Kuo-Hsin Chen via zoom link on ***How to Do The Laparoscopic Liver Resection?*** Assoc. Prof Kuo is a HPB surgeon and Chairman for the Department of Surgery in Taiwan Far-Eastern Memorial Hospital, New Taipei City, Taiwan.

The evening session initiated with lecture given by Assoc. Prof. Koh Peng Soon on Laparoscopic Distal Pancreatectomy and subsequently practical session commenced. The Hands-On session was facilitated by Assoc. Prof Dr. Zamri Zuhdi, Assoc Prof Dr. Azlanuddin Azman, Assoc Prof Dr. Yoong Boon Koon and Assoc Prof Dr. Koh Peng Soon.

The sessions ended in the evening with certificate presentation and appreciation presentation to much appreciated facilitator Assoc Prof Dr. Yoong and Assoc Prof Dr. Koh.
